**Background:** 25 years experience in guidance working with students in a variety of platforms: K-8, high school, community college, University and inpatient and outpatient treatment centers.

### **Approach:**

I value being a student-centered Advisor who focusses on fostering and empowering students to recognize and nurture their gifts, talents, and strengths. We will have honest conversations on what can be difficult or challenging and I will provide tools and knowledge to navigate academic goal setting. I embrace where ever you are at and we will set goals to get you where you need to be. I have served Triton over 2 decades and value and cherish being able to be a part of your journey. This is my favorite population I have ever served. Triton students are authentic, unique, and resilient. Each person is unique and each story is your OWN.
