

Operational Assembly: Hilary Meyer provided these highlights. Admissions has many events taking place such as campus tours, group visits, and registration rallies. Registration will hold a *Sweet Taste of Early Registration* for Spring 2025, with taffy apples given to students registering October 29 & 30. TRIUMPH & SURGE are holding a *Pink Out Walk* for breast cancer awareness on October 3, 12-2 pm. HR will be sending out the annual sexual harassment training to employees soon. The committee reviewed its goals and has started a task force to look at student portal functionalities. The 60th Anniversary time capsule will be sealed September 30 at 2 pm; items are now on display in the library for viewing.

Academic Senate: Beth Dunn reported on highlights from the September 10 Senate. Curriculum reminded of their deadlines, asked that faculty review their areas for any courses not offered in the last five years, and reminded that the gen ed outcome being assessed this year is critical thinking. Academic & Scholastic Standards are looking at the forgiveness policy and how financial aid would be affected. Student Development is planning karaoke and other fun student events. Academic Support is continuing to explore taking attendance on the portal. The new classroom evaluation form is coming to Senate for vote on the addition of an identifying piece. Attendance was encouraged at the Ethnomathematics speaker on Wednesday, 9/18 at Noon in B-204/210.

College Council FY 25 Goals: Council finalized and approved these goals for FY 25.

1. Council will explore strategies for increasing student exposure to the variety of guided pathways available to them.
2. Council will learn about potential applications of Artificial Intelligence (AI) within the college.
3. Council will engage with the college's strategic plan.

Campus Emergency: President Moore informed Council of a situation that occurred last Friday. The N Building was evacuated when a delivery in Shipping & Receiving was dropped, containing a small amount of a chemical, and officials were brought in to make sure the building is safe. The N Building was determined to be safe for occupants, and the N Building was functioning normally by the weekend.
