Chairman's Report

Chairman Stephens discussed the college's need to be responsive to students in the district who drop out of high school or are on the edge. He hopes to meet again soon with the group that is exploring ideas on how to serve these residents of our community.

As we appear to be reaching another milestone in COVID mitigations – the potential cancelation of the indoor mask mandate – Chairman Stephens thanked everyone at the college for working together to get through the many issues created by the pandemic.
