

Honda Professional Automotive Career Training (PACT)

Certificate

C347J

The Honda Professional Automotive Career Training Program (PACT) Certificate curriculum is designed for students who wish to concentrate solely on technically related courses in the repair of Honda and Acura high-tech computerized automobiles.

Semester One

AUT 112 Introduction to Automotive Technology3
AUT 127 Automotive Electricity & Electronics I4
AUT 136 Brake Systems4
AUT 240 Steering, Suspension & Alignment4
AUT 296 Automotive Internship I2
17

Semester Two

AUT 114 Fuel Management Systems4
AUT 129 Automotive Electricity & Electronics II3
AUT 150 Automotive Power Plants5
12

Semester Three

AUT 280 Automotive Heating & Air Conditioning Fundamentals2
AUT 282 Advanced Automotive Heating & Air Conditioning2
4

Semester Four

AUT 226 Engine Performance & Diagnosis5
AUT 275 Manual Transmissions & Drives6
AUT 297 Automotive Internship II2
13

Semester Five

AUT 230 Computerized Engine Controls5
AUT 277 Advanced Automatic Transmission & Repair5
AUT 298 Automotive Internship III1
11

Total credit hours required for AAS degree57

Note: Hand tools are required for AUT courses that include lab time.

There's a place for you.

Triton College is an Equal Opportunity/Affirmative Action institution.

Honda (PACT)

What is Honda PACT?

The Honda PACT (Professional Automotive Career Training) Program offers state-of-the-art automotive technician training that will enable students to become Honda and Acura certified technicians. By becoming a Honda and Acura certified technician, graduates will be qualified to work at Honda and Acura dealerships around the country and earn a very competitive salary!

The Honda PACT Program offers a variety of training that goes well beyond your typical automotive technology program. The training students receive is world class. Students receive specialized training on Honda and Acura automobiles, training with special Honda and Acura tools and equipment, on-the-job experience at Honda and Acura dealerships and leading industry standard certifications.

While in the Honda PACT Program you will be required to complete an internship at a Honda or Acura dealership within your surrounding area. This invaluable experience will give you the opportunity to apply what you learned in the Honda PACT Program to real-life scenarios, all while earning extra money.

When you become a Honda PACT graduate, you will have classroom knowledge, hands-on training, have worked in a Honda or Acura dealership and have earned highly respected credentials. That's why Honda PACT graduates are in such high demand!

Associate in Applied Science (AAS) Degree

The Honda Professional Automotive Career Training Program (PACT) is a cooperative agreement between Triton College and American Honda Motor Co., Inc. which alternates college training and practical experience at a Honda or Acura* dealership facility. Students are prepared in all areas of product servicing.

Prospective students must contact the Honda PACT coordinator at Ext. 3453 to apply. Application information can be downloaded at triton.edu.

*Honda/Acura sponsorship is required at a repair facility.

For more information or to enroll in Triton's Honda PACT Program, call Mohsin Habeeb at (708) 456-0300, Ext. 3453, or email mohsinhabeeb@triton.edu.
