This check list serves to help the student keep track of the admission steps for the Sterile Processing Technician Certificate program.

- Attendance at an Information Session highly encouraged
- Complete Triton College application online
- Complete Application for Health Careers online
- Send proof of High School graduation to Triton College Records department
- Forward official college transcripts to Triton College Records department

Program Prerequisites

Prerequisites listed below must be completed before the start of the program.

- High School Diploma or GED.
- Must score at the college level or better on the Reading and Writing placement exam or course equivalency.
- Placement exam scores must not be more than two years old.
- A criminal history records check with no disqualifying convictions is required prior to the start of the program.
- Sterile Processing Technician courses must be taken in sequence and all program requirements must be completed with a grade of "C" or higher.
- Students must complete all health and clinical requirements (includes American Heart Association Basic Life Support for Healthcare Providers certification, drug screening, and any additional information required by clinical site) prior to registration for SPT 140 and the requirements must be maintained through SPT 150.

Sterile Processing Technician program courses taken at another institution cannot be transferred as credit toward program completion.

Students are not considered accepted into the program or eligible to register for Sterile Processing Technician program courses until they respond to their official program acceptance letter and attend the sterile processing technician new student orientation session.
